What's new with Nearpod

Back to School 2023

# Teaching is the **most important job** in the world

And we're committed to helping teachers foster a love of learning in every student with the interactive tools, resources, and content they need—**all in one place.**

Create and deliver interactive lessons with 20+ formative assessment and dynamic media features

Connect with the tools you're already using because it all works in Nearpod

Visualize and support student understanding with real-time results

Focus on teaching, not just searching, with the Nearpod Library of 22,000+ resources

"Using Nearpod, I have been able to create multimedia-rich presentations, incorporating everything from videos and images to interactive quizzes and polls. **This has not only helped me to better explain and demonstrate concepts but has also kept my students interested and motivated in their learning.**"

-Angela Plank, Teacher

01

Nearpod is shaped by teachers because teachers know their students best, it's their valuable feedback that guides our product development.

"Nearpod has revolutionized our teaching, learning and formative assessment. It is hands down the leading educational technology tool in the world for teachers delivering to all ages and all subject matters. As was once said: 'Technology will not replace great teachers, but in the hands of great teachers can be transformational'. This IS Nearpod."

– Lynn Goring-Crook
Curriculum and Instruction Director
